TYPE OF AGRICULTURAL OPERATOR

Source: Philippine Statistics Authority, 2022 Census of Agriculture and Fisheries

Note:

- The results are based on the conduct of the 2022 CAF among households and non-household entities that operated agricultural activities from 01 January to 31 December 2022.
- An Agricultural Operator is a civil or juridical person who exercises management control over the agricultural operation of a farm and takes major decisions regarding sources use. He/she has technical and economic responsibility for the farm and may undertake all responsibilities directly; that is, he/she operates the farm or delegates responsibilities related to day-to-day work management to a hired manager.
