**04 February 2025 – Bagabag, Nueva Vizcaya** - The Philippine Statistics Authority - Nueva Vizcaya Provincial Statistical Office (PSO Nueva Vizcaya) continue to strengthen its efforts in the registration of beneficiaries of the Pantawid Pamilyang Pilipino Program (4Ps) by conducting a mobile registration at Barangay Baretbet, Bagabag, Nueva Vizcaya last 04 February 2025. The National ID registration team successfully registered 85 individuals and authenticated 477 beneficiaries during the activity.

In collaboration with the Department of Social Welfare and Development (DSWD) – Region II, several registration sites and schedule were shared to local DSWD counterparts. This is to facilitate the registration and authentication of the beneficiaries through information of the nearest mobile registration areas available in their location. This initiative aims to help the beneficiaries in the registration of all their household members including their children aged 0-4 years old or older as part of the DSWD's Family Development Session (FDS) Equivalency program. The program focuses on the registration and authentication of all household members of the beneficiaries wherein registration of all household members is equivalent to FDS compliance for the beneficiaries for the months of February and March.

The PSO continues to encourage beneficiaries and the public to register, including their children below 5 years old to enjoy the benefits of being registered to the National ID System such as making access and verification of records easier when transacting with government and private agencies.
