The Philippine Statistics Authority (PSA) Quirino Provincial Office in partnership with the Local Government Unit (LGU) of Nagtipunan, successfully conducted National ID registration during the Child Development Center (CDC) Day, a special initiative led by Municipal Mayor Noel T. Lim for the kindergartens of Barangay Anak.

Through this initiative, a total of twenty four (24) children accompanied by their parents and guardians were successfully registered for the National ID just after their Jollibee treat brought by the LGU. The event, which provided a memorable treat for the children, also aimed to ensure they have proper proof of identity, aligning with the PSA's goal to promote inclusivity and accessibility for the National ID system.

The collaboration highlights the commitment of both PSA Quirino and LGU Nagtipunan to bring essential government services closer to the community, particularly to the younger generation ensuring that no one will be left behind.
