The Philippine Statistics Authority (PSA) Quirino successfully conducted its first-ever Provincial Management Review on 23 January 2024 held at the Conference Hall, PSA Quirino Provincial Office, San Marcos, Cabarroguis, Quirino.

The program began with a warm welcome message from Chief Statistical Specialist (CSS) Engr. Cherry Grace D. Agustin, setting the tone for a productive and insightful event. She emphasized that the activity aims to assess the agency's performance, identify areas for improvement, and maintain compliance with Quality Management System (QMS) standards.

The review featured discussions on various key topics including Client Satisfaction Management, Adequacy of Resources (IT), Performance Evaluation of Internet Service Providers, Adequacy of Resources (Budget), Adequacy of Resources (Personnel), Adequacy of Semi Expandable PPE

REPUBLIC OF THE PHILIPPINES

and Supplies, PACE/CCB/888/ ARTA Report, 2024 Internal Quality Audit of the Quality Management System (QMS) ,and Non-conformities and corrective actions in external and internal *issues that are relevant to the QMS.*

An open forum followed the discussions, providing a platform for participants to seek clarification and share insights on the topics presented.

The event concluded with a closing message from Supervising Statistical Specialist (SSS) Karen T. Fernandez, who commended the participants for their active involvement and emphasized the importance of continuous improvement in delivering quality public service.

The Provincial Management Review is a significant step in PSA Quirino's commitment to fostering accountability, transparency, and efficiency in its operations.
